Our Mission
To develop and promote sport and recreational opportunities for people with a physical disability to participate in sport at a level of their choice.
Well done to everyone who donned the Irish shirt with such pride and distinction.

Chairperson’s address

I am delighted to present the 2015 Annual Report for Irish Wheelchair Association-Sport.

In the year leading up to the Paralympic Games in Rio, our high performance athletes were busy competing on the international stage in both European Championships and World Championships, gaining world ranking points and qualification towards Rio. While notably for the first time since 2009, our wheelchair basketball team competed at the European Championships. Our wheelchair rugby team also had a memorable year at major championship level. Well done to everyone who donned the Irish shirt with such pride and distinction.

At grassroots level it was pleasing to note the range of sports and activities expand in our sports clubs at local level. Huge credit must go to our dedicated cohort of volunteers, in our organisation. We look forward to continued growth in 2016 with the addition of a new Sports Development Officer based in the South East region.

Our partnerships with other NGB’s and organisations again continued to flourish. We worked on numerous successful sports programmes with partners such as Setanta College, UCC and the CARA Centre for adapted physical activity. The gym and sports hall facilities in Clontarf were refurbished and we added new sports wheelchairs to our programmes, which assisted with an increase in numbers participating and facilities in which to train.

We are a member focused organisation and to that end we are very fortunate to be able to rely on constant support and expertise that our volunteers and staff give us every year. We would especially like to thank the CEO of IWA Kathleen Mcloughlin for her support to IWA-Sport over the past 10 years and we wish her continued success in the next chapter of her career.

On behalf of the National Sports Executive Committee I would like to express our sincere thanks for your ongoing dedication and commitment to our Association and look forward to your continued support in 2016.

Yours sincerely,

Lisa Kelly
Chairperson
IWA-Sport National Sports Executive Committee
The challenge is now set to consolidate and sustain the programmes.

Director of Sport address

2015 was another busy year whereby much was achieved on and off the playing fields and courts.

For many of our members the first involvement in our programmes is via our sports clubs, of which we have 26. Our clubs provide an essential, first opportunity of contact and involvement with the IWA and peers, and are a vital hub in the local community. In 2015, the range of activity opportunities provided to our members was once again extensive. Well done and thank you to everyone who helped with running the club programmes.

In terms of National programmes, once again our wheelchair basketball programme expanded at all levels and this is a credit to all involved; players, officials, volunteers and staff. The challenge is now set to consolidate and sustain the programmes. The sport of powerlifting also developed at a great rate and over the course of the year many new athletes were introduced to the sport. Our athletics and wheelchair rugby programmes also had busy schedules both domestically and internationally.

There were other notable developments in 2015 a summary of which are;

- We coordinated 12 teams to compete at respective European Championships, World Championships and open competitions involving 112 athletes. This is two more competitions than 2014 and a 31% increase in athletes travelling.
- At High Performance level our members also competed at European Championships in wheelchair basketball, wheelchair rugby, archery and table tennis and World Championships in athletics, swimming and sailing.

2016 promises to be a hugely exciting year, the pinnacle of which will be the Paralympic Games in Rio. We will unite in support of our many members who will proudly compete on the world stage in front of a global audience of billions. Let me take this opportunity to wish everyone involved, coaches and athletes respectively, success at the Games.

To conclude, I would like to express my thanks to everyone involved with IWA-Sport that supports us in running our extensive range of programmes every year; volunteers, athletes, staff, sponsors and principle funders alike. I look forward to working together and witnessing many more wonderful sporting stories in 2016.

Yours sincerely

Introduction
On the home front the primary athletics programme of 2015 continued to be the annual Grand Prix. 7 competitions were held regionally in Santry, Galway, Laois, Tipperary, Waterford and Cork in addition to our National Championships also in Santry.

This annual programme of competitions is unique across all of our sports in that it provides opportunities for all levels of athletes, from absolute beginners to elite Paralympic athletes, to compete at the same competition in different events on any given day. Equally noteworthy about the grand prix is that 10 A standards were achieved for the Paralympic Games in Rio and 14 athletes set 25 Irish records (12 track and 13 field) at these games.

Participation
Bridging Panel field training sessions were held throughout the year in Ramsgrange, Co Wexford, to provide training opportunities for different standards and age levels in addition to ensuring vital preparation was in place for the grand prix and international competitions our athletes took part in.

WHEELCHAIR BASKETBALL

Introduction
The 2014/2015 season concluded in May and the 2015/2016 season began in October.

At junior level wheelchair basketball continued to be a popular club activity. Clubs and individual players also took part in our junior blitz programme which took place in the main part following most senior league fixtures. Participation numbers grew from the previous season which is a great reflection on the work being done at club level.

Whilst the number of teams competing in the Irish league consolidated at ten, there was an increase in the number of registered players.

Significantly we also agreed to formalise our relationship with Basketball Ireland and work closer together into the future. It is worth acknowledging assistance has always been forthcoming from Basketball Ireland in recent years, and this new agreement formalises the relationship. Through the mechanism of a ‘Cooperation and Solidarity Agreement’ we will work together across a number of areas to include promotion of our game, officials training and support and coach education among others.

Please read on for a more detailed summary of activities in 2015;

High performance

- The following competitions were attended and results recorded in 2015:
  
  **Coloplast Super Series 14/15 (Britain)** 6th out of 8 teams - The team's priority this year was trying to hold on to their division one status as the last super series weekend clashed with the European B Qualifiers. A relatively inexperienced team travelled on that final weekend and maintained 1st division status following a great team effort.

  **Bernd Best (Koln)** – 2 teams travelled to the Bernd Best in 2015. The Ulster Barbarians and The Laois Lions both played in the basic league. A lot of new players were attending for the first time which proved to be a great experience for all.

  Laois Lions did really well by getting to the final but unfortunately lost out here. The Barbarians finished in 12th place out of 16, and gained valuable experience.

  **Coloplast British National Championships (Copper Box, London)** - 7th out of 12 teams.

  **Coloplast Super Series 15/16, 1st weekend, 6th out of 8 teams.**

- The National squad was invited by the Italian Paralympic Committee to play Italy in an exhibition match in February which also coincided with the RBS 6 Nations.

- The Welsh Dragons Wheelchair Rugby Team visited in August and played each of the 4 home clubs.

European championships

The national team faced the distinct possibility of playing in three European Championship tournaments in 2015. Ranked 23rd at the beginning of the year and having won the bid to host the C European Championships, the competition did not materialise due to insufficient entries. Subsequently Ireland competed at the B European championships in the Czech Republic in April; the target being to qualify for the European Championships in Finland the following September.

The team performed heroically at the B Championships and a semi final win over Switzerland secured qualification to the European Championships outright.

Preparations stepped up another gear in the summer and the team were well set to compete in Finland. The main target was to consolidate our ranking and avoid relegation to Division B once again. Ireland performed well throughout and with 0.4 seconds to go in the 5th – 8th place crossover match, Thomas Moylan crossed
Over for Ireland to secure a 57-56 victory for over Belgium and guarantee our A division status. In doing so the team rose to 11th place in the World Rankings.

- European A Championships, Finland – finished 6th overall.
- European B Championships, Prague – finished 2nd overall.

The squads that competed included the following players and staff;

Starting the year ranked 39 he gradually climbed the list to finish at 29, outside the qualification mark. Following his win in the Irish National Championships, he then played tournaments in Hungary, Italy, Germany, Romania, Thailand, Denmark and Belgium and, although he finished the year really strongly, he didn’t quite make the qualification cut.

• In Class 5 women, Christine Doyle started the year ranked 19. To qualify, she would have had to compete in the same number of tournaments as Colin and finish in the top 12 in the ranking. Although not being in a position to commit to enough competitions Christine played one tournament (Belgium.) where she won double gold (singles and team) at this tournament, finishing the year ranked 18.

National Rehabilitation Hospital (NRH) Games

- IWA-Sport partnered with the NRH, Spinal Injuries Ireland and Dún Laoghaire Rathdown Local Sports Partnership to run the third annual multi sport games in the NRH facility in September. The main objective of the games is to build upon the weekly IWA-Sport development programme that has been running in the NRH for approximately ten years and to introduce as many sports as possible to current and former patients with a physical disability of the NRH with a view to long term involvement in our sports. The event was a great success with over 40 athletes taking part in different sports including wheelchair basketball, athletics, table tennis, hand cycling, archery, airsoft, and 7’s wheelchair rugby.

Girls Allowed (Irish Sports Council Women in Sport initiative)

- We continued the promotion of our ‘Girls Allowed’ initiative in 2015. The main objective of this initiative was and continues to be, to increase awareness of IWA-Sport programmes to potential female participants with a view to sustained involvement in our programmes on an ongoing basis. The headline event of the year took place in December where an All Stars Wheelchair Basketball match took place in Clontarf.

Summer camps

- Three summer camp programmes took place in 2015. The IWA-Sport Members camp was once again very popular in July. Over the course of the three days participants enjoyed wheelchair basketball, wheelchair rugby, wheelchair tennis, sailing, athletics, table tennis and handcycling. A visit to Tayto Park also proved to be very popular!
• The IWA-Sport community camp ran over a period of six weeks during July and August. This summer camp plays an important role in integrating the local community in the activities and sports of IWA-Sport. In many cases it is the first time that many able bodied children are exposed to wheelchair sports.

• IWA-Sport club, The Rebel Wheelers Summer Camp ran in July and activities included soccer, wheelchair basketball, rugby, athletics and indoor rock climbing which proved very popular.

**Inclusive PE Programme**

• In 2015 we continued to visit many Primary and Secondary Schools around the country. In addition, we frequently presented theorised and practical examples of PE Inclusion to undergraduates and postgraduates of the Colleges of Education around Ireland.
2015 was another successful year for the Dr. Oliver Murphy Sports Centre. The centre which contains a state of the art sports hall, an accessible gym and studio, a therapy room and changing facilities underwent substantial refurbishment works in August.

**Sports Hall**
- The sports hall was heavily used throughout the year both by our own internal IWA clubs; IWA Bowlers, Table Tennis, Wheelchair Rugby, Rugby 7’s, Wheelchair Basketball, Junior multi-sports clubs, Blackheath Archers, the newly founded Wheelchair Gaelic Football and Junior Sports Camps and events, and many external groups; Killester Senior National basketball, Clontarf FC, CRC, Darndale Bellcamp, local schools and community groups to name a few.

**Gym**
- Gym membership once again reached close to 500 members one third of which are IWA members/staff. The gym also offers day passes which further adds to user numbers.
- The centre has continued to work with and offer services to CRC, MS Society, Headway, National Rehab Hospital, Beaumont Cardiac Unit, community physio’s and OT, local GP’s within the north Dublin area and GAA and Rugby clubs to name a few.

**Clontarf ROC programs and Respite centre**
- 2015 saw the continuation of our specifically catered exercise programs aimed at Clontarf Day centre members. These programs are aimed to get our members more physically active and to promote a healthy lifestyle. The program includes group classes to highlight the social and fun aspect of exercise and one to one’s to specifically cater for the member rehab or prehab needs.
- Holiday Centre visitors also used the facility on a regular basis.

**GP, Outpatients and Physio Referral**
- The gym receives many referrals from GP’s, consultants, physiotherapists, outpatient departments, the NRH, Cappagh and Orthopedic Hospital’s.
- The pathway for such referrals is usually as follow-on from rehab work an individual would have received in these units. The gym serves as a successful referral centre for these clinical settings once a set period of rehab is completed within these units. This is a unique model and has been made successful through the last 8 years of contact with these institutions.

**Fitness Classes**
- The gym continues to run inclusive exercise classes each week.

**CLASSES INCLUDE:**
- Yoga.
- Pilates.
- HIIT classes.
- Suspension training.
- Core Class.
- Tone and condition.
- Combat and Tae Kwondo.

These classes are run on a pay as you go basis.

GOVERNANCE

Throughout 2015 IWA maintained its high standards of governance, its reputation for transparency and its good relationships with all its funding partners. We achieved this through our continued commitment to the Governance Code and the Fundraising Principles as well as through our unique structure of accountability to our members.

- We completed all requirements as requested by Sport Ireland for the 2015 mid-year review in addition to submitting the 2016 core grant application.

- We liaised with international governing bodies in an effective manner to ensure the smooth processing of all competition entries.

- The IWA-Sport National Sports Executive Committee and management operated within the guidelines as set out by the IWA-Sport standing orders at all times.

- The Director of Sport continued to be a member of the IWA Senior Management Team.

- We supported our professional staff in the form of bi monthly team planning and review meetings, annual staff appraisals and continuous professional development training opportunities.

- At our 2015 AGM we elected the following persons to our National Sports Executive Committee (NSEC);

SPORTS AND TOURISM – SPORTS CAPITAL GRANT

In 2014 we were successful with a Sports Capital Grant application totalling €130,000 from the Department of Transport, Tourism and Sport to complete essential refurbishment works to the IWA-Sport Centre and purchase sports equipment. In 2015 we undertook the refurbishment works in the sports centre and gym and also purchased wheelchair rugby chairs.

We are very grateful to Ministers Pascal O Donoghue and Michael Ring in the Department of Arts, Sport and Tourism for their continued support.

SPONSORSHIP

IWA-Sport continued its partnership with Invacare Ireland in 2015. This partnership sees Invacare sponsor our events programme throughout the year. In addition to the financial investment, we received excellent support from Neil Harvey and his team, in the form of sports chair loans, and product advice. We are delighted to continue this partnership in 2016.

FUNDING, GRANTS, SPONSORSHIP AND OTHER SUPPORT

Sport Ireland
(formerly known as Irish Sports Council)

Sport Ireland funded IWA-Sport as follows in 2014;

Core Grant Funding - €237,834
Women in Sport Funding - €3,000

Core funding was used to fund, Strategic Planning, Administration; Information technology; Competitions; Equipment, Coaching and core activities including Code of Ethics and Anti-doping Programmes. This funding is crucial to our very existence and we are extremely grateful for the ongoing support and the excellent relations with Sport Ireland.

Irish Wheelchair Association
(IWA)

The IWA CEO and Board of Directors continued their funding support in 2015. In addition funding was also provided towards staff salary costs and overhead costs. The financial and moral support from our parent body is of vital importance to IWA-Sport and we thank them for their continued assistance.

Department of Art, Sport and Tourism – Sports Capital Grant

We received funding from Paralympics Ireland towards the Road to Rio High performance para powerlifting programme and our athletics grand prix. We would like to extend our thanks to Paralympics Ireland CEO Liam Harbison and his staff and the Paralympics Ireland Board for their continued support. Please see page 25 for a more detailed report on Paralympic activities.

Athlete Contributions

It is the policy of IWA-Sport for athletes to contribute to programmes and competitions. It would not be possible for IWA-Sport to coordinate the full programme of events each year without athletes contributing. The level of personal and financial commitment shown by the athletes and staff to their sport is greatly appreciated by the National Sports Executive Committee.

Fundraising

All sports sections and clubs were committed to fundraising initiatives throughout the year to support the core activities of their club or section. Of note, once again, was the annual Dublin to Galway cycle which raised approximately €4000 and the various events we ran in support of our Angels campaign.

Sponsorship

IWA-Sport continued its partnership with Invacare Ireland in 2015. This partnership sees Invacare sponsor our events programme throughout the year. In addition to the financial investment, we received excellent support from Neil Harvey and his team, in the form of sports chair loans, and product advice. We are delighted to continue this partnership in 2016.
